

## Training Services for MIREL RM1 and MIREL RM2 Systems

### Type **SKOL**

illustrative picture

Training services provided for MIREL systems represent a comprehensive set of trainings for staff of partner companies for the entire range of activities to be carried out on MIREL systems.

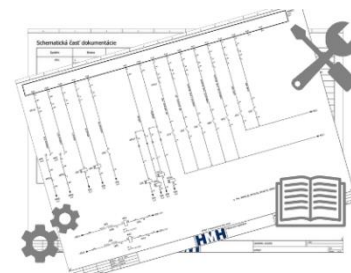

Valid staff trainings represent one of indispensable terms for partner companies required for authorization to carry out activities of integration, installation, activation, maintenance or diagnostics of MIREL systems.

Trainings have been classified for individual MIREL systems, authorization types of a partner company and level of successfully completed trainings in the past.

Update trainings are intended for repeatedly trained staff, condition for completion of this training category is a successfully completed training of respective type in the past.

Trainings in full extent are intended for staff without previously successfully completed training in the past.

Selected trainings comprise also a practical training of trained activities.

#### Services

Designation	System	Validity [months]	Principal training specification
SKOL.RM1.D3	RM1	60	MIREL RM1 function test
SKOL.RM1.D3R	RM1	60	MIREL RM1 function test – update training
SKOL.RM1.D3PT	RM1	60	MIREL RM1 function test – practical training on DRV
SKOL.RM1.S1	RM1	60	MIREL RM1 operating repair
SKOL.RM1.S1R	RM1	60	MIREL RM1 operating repair – update training
SKOL.RM2.0	RM2	no limitation	MIREL RM2 system use
SKOL.RM2.ZP	RM2	no limitation	MIREL RM2 principal overview
SKOL.RM2.D3	RM2	60	MIREL RM2 function test
SKOL.RM2.D3R	RM2	60	MIREL RM2 function test – update training
SKOL.RM2.D3PT	RM2	60	MIREL RM2 function test – practical training on DRV
SKOL.RM2.S1	RM2	60	MIREL RM2 operating repair
SKOL.RM2.S1R	RM2	60	MIREL RM2 operating repair – update training
SKOL.RM2.Z1	RM2	60	MIREL RM2 system integration
SKOL.RM2.Z1R	RM2	60	MIREL RM2 system integration – update training

#### Additional services

Additional services have been specified in catalogue sheet 2885M SKOL DGN Catalogue Sheet.
